Contact Tracing Journey

For children and young people in education and childcare settings

IMPORTANT: If, at any point, a student, pupil or staff member begins displaying symptoms they must follow government guidelines, order a PCR test and self-isolate.

Symptomatic or **Positive Test**

A child is symptomatic or records a positive LFD Test with NHS Test & Trace (T&T)

Isolation

The individual isolates immediately and orders a confirmatory PCR test as soon as possible

Result notification

The child / family is contacted by NHS T&T with the test result. If it is positive, the individual **MUST** continue to selfisolate. The child / family should inform their setting

Contact Tracing

NHS T&T contact tracers will then contact those who test positive – or their parent or legal guardian if they are under 18 years - to identify close contacts

Education and childcare

contacted by their Local

Health Protection team if

there is an outbreak

Local Outbreak

settings may be

Advice to Contacts

NHS T&T will get in touch with close contacts and advise them to selfisolate in line with current guidance. From 16 Aug guidance on self-isolation will change

Contact Details

Where known, the contact details of the identified close contacts will be passed to the contact tracers

Questions

5

NHS T&T will ask a series of questions to help the individual identify any close contacts
